Ms. Smith:

Pursuant to the Official Code of Georgia Annotated (OCGA) Sections 21-2-229 and 21-2-230, as updated by Senate Bill 202 as adopted in 2021, I attest that I am a registered voter within Forsyth County. Please find my challenges to each of the 315 voters listed as email attachments along with the reasons for these challenges.

These challenges are being made for the following reason(s):

202 voters are challenged under OCGA Section 21-2-229 due to sale of property at which voters and/or their voting family members are registered and evidence that they no longer reside in Forsyth County. For voters or family members who did not own the property at which they are registered, only confirmed evidence that they no longer reside in Forsyth County is provided as reason for these challenges.

315 voters are challenged under OCGA Section 21-2-230 due to sale of property at which voters and/or their voting family members are registered and evidence that they reside elsewhere in Forsyth County, or property sale with unconfirmed online evidence that the voters live outside the county. For voters or family members who do not own the property at which they are registered, online evidence that they no longer reside there is provided as reason for these challenges.

\*Please note that 202 of those challenged under OCGA Section 21-2-229 are also challenged under OCGA Section 21-2-230.

The research for these challenges was performed from February 5, 2023 through April 9, 2023, and except for occasional instances of birthdate not being available, the Georgia Secretary of State website was checked to rule out that the record was not already purged.

Additionally, please note that these challenges are based on the following:

- Forsyth County Tax Assessor online records
- Social media of voters themselves and that of their relatives or associates
- Information publicly available online via search engine to include real estate records outside of Forsyth county, out of state voter registration records, court records, obituaries, and business and professional license filings.

Thus, consider this my request that a hearing be held to determine these voters' eligibility to vote within Forsyth County, Georgia in the 2024 Presidential Preference Primary.

Member Tucker asked Director Smith why she is recommending opening a new central location for Advance Voting for the General Primary instead of opening Sharon Springs Park.

Vice Chairman Natt said he had reservations about not being consistent with the voting times with different times on Tuesday and Thursdays. He also said Sunday voting should be 12 to 5 p.m.

Member Tucker stated she thought the staff recommendations were a good compromise and asked Director Smith if the recommendations were in budget. Director Smith said the Finance Committee allocated \$200K for poll worker salaries. Director Smith said she feels comfortable with the staff recommendations and will have to figure out the budget.

Chairman Luth said she likes the voting times of 8 a.m. to 5 p.m. for each day of Advance Voting.

Chairman Luth with a second from Secretary Radzikinas made a motion to recommend the locations shown but with the hours changed to 8 a.m. to 5 p.m. each day.

Vice Chairman Natt with a second from Member Tucker amended the motion and said he would like to see voting times 8 a.m. to 6 p.m. across the board.

accept staff recommendations for the Advance Voting days for the Presidential Preference Primary, the General Primary and the General Election with the exception of Sunday, October 20 which will be at the Elections Office only. Motion carried unanimously.

Member Tucker asked for the December 3 runoff Advance Voting dates to be open for discussion.

Vice Chairman Natt asked staff to consider adding Advance Voting locations if the races in the runoffs are for a specific area of the county.

Chairman Luth with a second from Vice Chairman Natt made a motion that staff recommendations for the two runoffs may be subject to an amendment by the Board once the runoffs are called. Motion carried unanimously.

### **C. Discussion of 2024 budget**

Director Smith said the Finance Committee approved a larger operational budget. Vice Chairman Natt asked Director Smith if there was any reason the committee only approved \$200K for poll worker salaries. Director Smith said they did say they would provide county employees to make up some of the difference in the requested amount for poll worker salaries and that the budget amounts could be moved around within the budget.

Chairman Luth stated she did not feel funds from the operations budget should be used for poll worker salaries.

Director Smith said she would reconfigure the cost for poll worker salaries and go back to the Finance Committee now that the Board approved the locations, times and days for Advance Voting.

Vice Chairman Natt asked for a metric on the number of Forsyth County employees that worked in 2022 verses the number of voters at any given location to see if there was an impact.

Chairman Luth said the Finance Committee should be told we need at least \$700K for poll worker salaries.

## Voter Registration

The transition in statewide voter registration systems from ENet to GARViS continues. Staff continue to process some voter registration applications. The Secretary of State (SOS) releases updates to the system regularly and staff communicates issues we encounter. SOS has also conducted Q&A Webinar sessions that provide county election officials a timeline for expected updates to GARViS on a regular basis. Procedures are being updated to reflect the layout and workflow of GARViS. Some List Maintenance activities continued during the month of May.

**Election Equipment / Supplies**

Routine charging and inventory of the touchscreens and printers are in progress. Any pieces of election equipment identified needing possible repairs or additional attention will be handled accordingly upon the completion of the charging/inventory process. Charging and inventory of ballot scanners and UPS units will be conducted next. During the May 2 BRE meeting, Vice Chairman Natt asked for an update on UPS battery replacement and the timing of the election equipment software previously discussed by the Secretary of State (SOS). The update from SOS Elections Director, Blake Evans reads in part as follows:

*The UPS replacement money was put in our budget for fiscal year 2024, which begins July 1, 2023 for us at the state. The process of replacing a portion of the UPS units in the state will most likely begin some time in July. Even though we only received a portion of the funds we requested, we want every county in the state to receive at least some of the new UPS units.*

*In regards to the software update, the EAC certified the new software version in March. We are currently evaluating the scope of the project.*

On the statewide call that occurred May 19, SOS Elections Director Blake Evans and Deputy Director Michael Barnes announced that a systems health check will be conducted for the election management systems, ballot marking devices, and scanners in all 159 counties. A copy of the press release issued by the SOS is included in the BRE's packet.

SOS Elections Director, Blake Evans made an announcement on May 31, 2023 regarding the cost of using cellular poll pads for voter check-in during future elections. Here are details from the announcement:

- All counties are required to use the cellular poll pads during Advance Voting.
- SOS funding was not approved in their 2023 budget, therefore, the cost of the cellular access falls to each county.
- For all elections held after July 1, 2023, there will be a cost of \$37.80 per Advance Voting (AV) location per election for cellular service.
  - There is not a data fee for each poll pad; the fee is for each AV location.
- Counties are not required to use the cellular feature on Election Day; however, the SOS strongly encourages utilizing the same service on Election Day. The cost for cellular service is also \$37.80 per Election Day polling place per election.

Here are answers to some follow up questions posed to the SOS:

- It is unlikely the SOS will receive additional funding in their 2024-2025 budget; therefore, each county should budget for all elections in the 2024 election cycle.
- The cost is expected to remain in the range of \$37.80 per location throughout the 2024 election cycle.
- There will not be an additional charge for Logic and Accuracy (L&A) testing as this testing takes place at our office over the Meraki access point.
- Each county will be invoiced by KnowInk after each election.
- This cost is based on historical estimated usage during an election and fixed and variable costs charged to KnowInk by Verizon.

**IS&T/Software/Hardware**

**Disaster Recovery**

The Director and Assistant to the Director attended a Strategic Planning Meeting hosted by the County Emergency Management department on May 31, 2023.

**Training/Outreach**

Our office held a Poll Worker Appreciation Event on May 16, 2023 to show our appreciation to our poll workers and anyone who played a role in making the 2022 election cycle a success. Office staff and BRE members provided food and utensils for all guests. Approximately 200 guests were in attendance. Photos of the event have been posted on our website: <https://www.forsythco.com/Departments-Offices/Voter-Registrations-Elections/Become-a-Forsyth-County-Poll-Worker> and also appeared in a News/Video posting by the Department of Communications on May 19. The event was a huge success!

Staff is in the process of preparing and planning for poll worker recruitment for future elections. New Poll Worker Preview Sessions are to begin later in 2023. Our office is working on a poll worker manual in addition to planning and updating our training for the upcoming elections.

She said she went voter by voter and researched the Secretary of State website, court records, business licenses, and tax assessment records.

Member Tucker asked Ms. Wexler if she knew anyone on the challenged list. Ms. Wexler stated she did not. Member Tucker then asked why she chose the Brandywine and Sawmill precincts. Ms. Wexler stated she was going by street name using different precincts.

Member Tucker then read Section 8 2(B) Subsection D of the National Voting Rights Act and said this was the reason she voted the way she did.

Chairman Luth with a second from Vice Chairman Natt made a motion to dismiss from the challenge the following voters because they have moved to another county in Georgia and are no longer registered to vote in Forsyth County:

#24 Jamison Lindsey  
#26 Martha Aguirre Grisales  
#58 Kevin Miracle  
#125 Kevin Cario
